

Policy Number: 236
Policy Name: Resolution of Student Academic Issue
Reviewed by: Nursing Faculty
Last Review Date: 09/24/2021

This process applies to academic circumstances such as course or assignment grades. This process does not apply to dismissal from the nursing program.

Professional and timely communication is an integral component within the Department of Nursing. When academic issues arise, students should begin by discussing the issue with whom the student has a concern at the time the issue occurs. If the issue can't be resolved at that level, it should be handled at the lowest possible level.

STUDENT ACADEMIC ISSUE FLOW DIAGRAM

- **Academic Grievance Definition:** Refer to current UND Code of Student Life (see <http://und.edu/code-of-student-life/>)
- **Dismissal from the nursing program or an issue regarding admission is not covered by this policy.**
